Warm Beach Camp is located just 40 miles north of Seattle, WA. It can be accessed by airports in Seattle or Bellingham.

Join Genesis Associates Alan and Amy Muia at beautiful Warm Beach Camp on Port Susan Bay for this 4-day intensive Genesis Training!

We'll explore the roots of destructive patterns that keep others—and ourselves—trapped in cycles of bondage: workaholism, food, anxiety, codependency, sex, shopping, alcohol, porn, substances, and other self-comforts.

We'll tackle questions like: How do addictions and compulsions function in the brain? Why is it so hard to get free, despite our promises and resolve? How do false beliefs contribute to our stuck behaviors? How do

destructive patterns get started? What's the role of trusting relationships in healing? How can we get free? And how can we best help those who are struggling, without enabling?

THE GENESIS PROCESS

THE GENESIS PROCESS provides a functional and neurochemical understanding of what's broken—what causes self-destruction and self-sabotage. If we don't first understand what's broken, how can we devise a recovery plan that works? The goal of The Genesis Process and Programs, through relapse prevention best practices, principles of neurochemistry, life skills, and emotional healing, is to make possible the successful restoration of broken lives.

The Genesis Process Workbook, when facilitated by a certified Genesis Process counselor, has proven successful in diverse settings. While the main focus of the Genesis Process is to serve those suffering from substance use disorder, it is easily adaptable to other self-destructive behaviors. Grounded in Biblical understandings, the process is also sensitive to each client's personal spiritual journey.
