Email From Hancock Lake Association President Randy Fechter

I recently received the email below from Oneida Lake Association President Pete Schau and I wanted to share it with all of you. I totally agree with his message, to see both associations work together was amazing.

It was a great success, but more importantly to me it seemed everyone that attended had a great time.

Thank you Oneida Lake Association for including us in the first annual Duck Race event.

Hancock Lake Association President

Email From Oneida Lake Association President Pete Schau:

Just wanted to take a quick moment to add on to Joann's e-mail and thank everyone whom bought tickets, helped sell tickets, attended the Duck Race, donated items, and helped run Saturday's event.

For anyone who wasn't there, this was a huge success and exceeded everyone's expectations. All the work put in between the two lake association volunteers was very evident in these results. Besides the money it raised for both associations, I had to have a dozen people tell me what a good time they had and that they will be looking forward to next years race.

We're hoping this is the start of a great annual event which will not only be a strong financial support to both the Hancock Lake and Oneida Lake Associations, but also serve as a great venue for friends and neighbors to come together in support of their vested interests.
