**Subject:** Minutes

1. I notice with concern that all archive copies of previous board minutes have been removed from the WSC web pages. Is this a screw up or a change in policy?
2. I trust that the draft minutes of the November 2008 shareholder meeting, the first meeting of the current board in November 2008, the January 2009 board meeting, and ALL future board minutes will be published?

SUNSHINE is important. Keeping shit in a dark place might be good for growing MUSHROOMS but does not promote much trust.

...Gil
