TOUR OF MUSEUM AT LONG LAKE MARCH 19TH

For our regular monthly meeting on March 19th, a tour has been planned of the Museum at Long Lake.

The members of the Western Hennepin Pioneers have graciously offered to open their doors for us on Monday evening, March 19th, at 8:00 p.m., for a private tour of their facilities.

All who are interested in joining us for this tour are asked to meet at 7:30 p.m. at the Surfside in Mound, and we will go together as a group to Long Lake for this special tour.

CARLOS PEDRAJA OF DOW SAT
GUEST SPEAKER AT FEBRUARY
MEETING

A very interesting meeting was held at the Surfside on February 20th with Carlos Pedraja of Dow Sat cable TV as our guest speaker. The information he gave us regarding the local cable TV available to the community was very enlightening. Our historical society will be able to have free advertising for one thing, and training will be available for our group to appear on the cable TV in the near future.

BOARD MEETING

There will be a short meeting of Board members on Monday evening, March 19th, from 7:00-7:30 p.m., before the trip to Long Lake. All Board Members are urged to be present.

Carlos Pedraja of Dow-Sat of Minnesota (standing, at right) supervised filming of an interview during a recent class at the Westonka Community Center.
